### SCHEDULE

### Section 2

1. The Plan by J. Phang, Sworn Land Surveyor, dated the 26th October, 1960, and deposited in the Department of Lands and Mines on the 19th November, 1960, showing some of those lots of land known at Kitty Railway Lands being parts of Pln. Kitty in the Kitty and Alexanderville Village District, on the East Coast of the County of Demerara.

2. The plan by J. Phang, Sworn Land Surveyor, dated the 23rd January, 1961, and deposited in the Department of Lands and Mines on the 30th January, 1961, showing some of those lots of land known as Kitty Railway Lands being parts of Plantation Kitty in the Kitty and Alexanderville Village District, on the East Coast of the County of Demerara.

### OBJECTS AND REASONS

Under the provisions of the Public Health Ordinance, Chapter 145, and the Local Government Ordinance, Chapter 150, no lot of land which is less than a quarter lot and less than one-fifteenth of an acre, or twenty square roods, shall be transported. Some of the lots of land commonly known as the Kitty Railway Lands, in the Kitty and Alexanderville Village District, do not satisfy this statutory requirement. The Government have decided to sell the lots to the present occupiers and this Bill seeks to enable those lots which do not satisfy the statutory requirements as regards size, to be transported.
