

NOTICE

HOUSING NEEDS SURVEY

All Local Authorities have been asked to identify lands within their areas which are considered suitable for housing development. In furtherance of this, the Ministry of Housing is now inviting persons in these areas who are desirous of purchasing a house lot or a house and land to indicate this and to furnish certain information. Local Authorities including the Townships of Linden, New Amsterdam, Rose Hall and Corriverton, have been provided with the questionnaires to be used for this purpose.

Interested persons are invited to complete these questionnaires which can be obtained from the Town Clerk, Executive Officers or Overseers of the Local Authorities concerned and to return them to the Permanent Secretary, Ministry of Housing and Reconstruction, 169, Waterloo and New Market Streets, Georgetown, as early as possible and not later than the 31st January, 1973. Persons who live outside a Local Authority can obtain these forms from the District Commissioner's Office.

These questionnaires are only to be used by persons who desire to acquire a property to house their family. Persons who are interested in acquiring another property or to build houses for sale or rent would be considered later.

V. J. CORREIA,
Permanent Secretary.

District Commission's Office.
HR: 25
14th December 1972.
