

NOTICE TO IMPORTERS

It has been drawn to the attention of the Ministry of Trade and Consumer Protection that certain importers are continuing to import merchandise against Import Licences which have expired.

The Ministry of Trade and Consumer Protection wishes to advise all importers that merchandise can only be imported under the authority of a valid Import Licence. It is therefore mandatory that extensions for the validity date be sought before shipments are made.

The Ministry cannot guarantee that all extensions applied for shall be approved.

If any clarification is required, the Ministry will be happy to offer further advice.
