## VISUAL AIDS

However, because of the technical nature of the work, the recruitment of ranks for this section has become increasingly difficult.

## ISSUE OF GOODS TRANSPORTATION AND ROAD SERVICE LICENCE

134. In September 1991, the duties of issuing Road Service and Goods Transportation Licence were removed from the Ministry of Public Infrastructure to the Ministry of Public Security. During the year under review, sixty one thousand, two hundred and forty one (61,241) licences were issued, compared with fifty six thousand, four hundred and sixty nine (56,469) licenses issued during the year 2014; an

increase of four thousand, seven hundred and seventy two (4,772) licences and Police in each Division were engaged in the issuing of licences to Goods Vehicle, Hire cars and Mini-buses.

### **TRAFFIC EDUCATION PROGRAMME**

135. The importance of Road Safety Education cannot be overemphasised, thus it was intended to create a change in the attitude of people (all categories of road users) during the year 2015. The print and electronic media were fully utilised to ensure that the message was circulated nationally and internationally.

### **SCHOOL SAFETY PATROLS**

The examination and lectures are conducted by the Police Traffic Department.

140. During the year 2015, a total of thirteen thousand and seventy eight (13,078) packages were sold; eleven thousand, four hundred and twenty four (11,424) persons wrote the examinations; eight thousand, five hundred and forty one (8,541) were successful and two thousand, eight hundred and eighty three (2,883) were unsuccessful.

### **TRAFFIC SIGNS AND ROAD MARKINGS**

141. A total of two thousand, four hundred and thirty-four (2,434) signs and road markings were done, compared with three thousand, two hundred and thirty-one (3,231) signs and road markings done during the year 2014; a decrease of seven hundred and ninety-seven (797) signs and road markings or twenty five percent (25%).

### **CONCLUSION**

142. It is evident that speeding by motorists, inattentiveness, total disregard for traffic regulations and lack of appreciation for Road Safety were among the principal causes of the high rate of Fatal and other accidents during 2015. An important fact generally overlooked is the absence of streetlights in populated areas, which is great contributory factor to road accidents.

143. The department performed creditably despite constraints, shortage of manpower, materials and other equipment. The vigilance of Traffic personnel was sustained on our roads.

144. The efficient performance shown by the Traffic ranks will be maintained, to allow a free flow of traffic and a consequent reduction in the number of accidents on the roads.
