The following appointments were made during the year:—

Mr. R. A. Ishmael was appointed to act for Mr. S. Friday who was granted leave of absence from 5th January, 1960.

Mr. W. E. V. Harrison was appointed to act for Mr. A. Hemstock who was granted leave of absence from 31st July, 1960.

On 1st May, 1960, Mr. D. L. B. Wickham tendered his resignation following his retirement from the British Guiana Public Service. At the end of the year no appointment had been made in his place.

## STAFF.

3. The Staff of the Committee comprised a Secretary/Accountant, an Assistant Secretary/Accountant, three Building Inspectors, five Clerks, five Typists, two Accounting Machine Operators and one Messenger.

In addition, the Accountant, Treasury Department, continued to perform secretarial duties in connection with the main accounts of the Fund.

## REGISTERED EXPORTERS AND EXPORTS.

4. The Registered Exporters of sugar remained eight in number. Exports of sugar during 1960 totalled 308,990 8/9 tons involving a levy of \$4,078,679.74 at the statutory rate of \$13.20 per ton, the proportion relating to the Labour Welfare Fund being \$1,483,156.26. Of this sum, \$974,631.98 was collected during the year, leaving a balance of \$508,524.28 for collection in 1961. Payment of the impost in the United Kingdom continued in 1960 and Exporters invariably availed themselves of the arrangement provided for under Section 5 (2) of the Sugar Industry Special Funds Ordinance, Chapter 248, which allows ninety days after the date of export within which to pay the levy.

Exports and levies since the establishment of the Sugar Industry Special Funds on 1st January, 1947, are as follows:—

ACCOUNTS.

5. At the end of 1959, the Fund amounted to \$6,871,661.63. As shown in the Revenue Statement accretions consisted of levies \$1,483,156.26, interest on investments \$239,614.22, gain on sale of investments \$6,471.12 and a contribution of \$42,000.00 made by the B. G. Sugar Producers' Association towards the upkeep of roads in the Housing Areas. Accordingly, the income for the year amounted to \$1,771,241.60. Administration and other expenses totalled \$85,075.83, and the net drawing of Exporters amounted to \$1,094,392.65. The sum of \$987.30 over-appropriated in 1959 was adjusted in 1960.

The Fund had, therefore increased by \$590,785.82 to \$7,462,447.45 at 31st December, 1960. These figures are exclusive of \$40.00 credited to a suspense account in 1958, pending application for its withdrawal by the legal personal representative of a deceased borrower's estate.

The bulk of the Fund which is held by the Financial Secretary as Statutory Trustee continues to be invested in medium-dated securities. At 31st December, 1960, the ledger value of investments held on behalf of the Fund was \$6,473,283.61, the middle market value at that date being \$6,588,574.83.

Drawings by Exporters since the making of the Regulations governing the Fund were :—

#### LOANS TO WORKERS TO BUILD THEIR OWN HOUSES.

8. The Committee has continued to concentrate its main efforts on the rehousing of sugar estate workers and, as in past years, the bulk of the Fund was used for this purpose.

During the year, 2,266 applications for loans

from workers to build their own houses in housing areas on sugar estate land and elsewhere were received involving an amount of \$1,000,898.35. Of this number, 19 applications totalling \$9,340.00 were withdrawn before consideration by the Committee. The number of applications considered was 2,139 (including 134 from previous years), of which 2,001 to build houses in housing areas on sugar estate land

and 59 to build on privately owned land were approved, involving amounts of \$834,555.57 and \$60,250.00 respectively, while 79 applications amounting to \$49,324.20 were declined for various reasons.

Loans uplifted by borrowers during the year amounted to \$876,181.45.

The maximum loan granted to build a wooden house is \$1,000, consisting of a first loan of \$750 and an additional loan of \$250 to be used solely for painting and guttering. The maximum loan is increased to \$1,500 provided the house is constructed of concrete with a minimum floor area of 436 square feet.

Of the number of applications approved during 1960, 2 totalling \$455.00 were in respect of additional loans to assist workers to complete their houses, while 514 involving a sum of \$128,500.00 were for additional loans to paint and gutter.

In order to assist estate workers to extend water connections into their houses, the Committee has decided to grant an additional loan, not exceeding the actual cost or the sum of \$100.00, whichever is the less. Borrowers who avail themselves of these loans are not required to increase their weekly loan repayments of \$2.00.

During the year, 765 applications for loans involving an amount of \$80,300.00 were approved for workers to extend water connections into their houses.

As in recent years, a continuing interest was shown by borrowers in the construction of concrete houses, particularly in the Housing Areas on the East Bank, Demerara. During 1960, 121 applications were approved for loans to build concrete houses.

The number of workers for whom financial assistance was approved during 1960 to build their own houses was 717 and the overall number whose applications were approved to 31st December, 1960, amounted to 10,676.

Details of the number of applications for loans received and approved according to estates are given in Appendices I and II, while Appendix III shows applications approved according to classification. Particulars of applications withdrawn and declined are contained in Appendix IV.

Particulars of the amounts collectible and collected on loans made by the Committee and also by Exporters prior to the operation of the Fund according to Estates, are as follows:—

In addition, at the close of the year, 505 houses were under construction, while 158 workers who had received loan advances had not yet started to build.

Particulars of the types of houses erected and

the sizes of the families occupying them are set out in Appendix V.

The overall number of houses erected at 31st December, 1960, was 8,927.

The following Statement setting out the progress in the demolition of ranges on sugar estates since the operation of the Fund provides an illustration of the effectiveness of the loan scheme devised by the Committee as the principal means for solving the rehousing problem:—

The minimum size of a lot in the Housing Areas is one-tenth of an acre and many occupiers continue to use the land bordering their houses in cultivating kitchen gardens.

The lots are leased by the proprietors for a period of 25 years at a rental of \$2.88 per annum with right of renewal, and on terms and conditions agreed upon between representatives of the Trade Unions operating on behalf of the workers and representatives of the proprietors.

#### PROVISION OF POTABLE WATER

11. From the outset, the Extra Nuclear Housing Areas were provided with potable water obtained from artesian wells sunk within or near to the Housing Areas, and distributed by standpipes placed at vantage points along the streets. Since the Labour Welfare Fund came into operation, twenty-five artesian wells have been sunk by the Committee.

In implementation of the Committee's decision to instal potable water in the houses of the workers, plans were prepared and approved by the Central Board of Health for re-laying the water systems in several of the Housing Areas. At the same time, the Committee had approved estimates for equipping these Areas with the necessary installations, such as overhead tanks, storage reservoirs, pumps and large bore pipelines.

The provision of these installations and the cost of making the connections from the mains to the house lots, up to the nearest point from which it could be carried into the houses, would be a charge on the Fund.

During the period under review, the Committee approved expenditure of \$338,001.24 for water installations in Extra Nuclear Housing Areas, bringing the total expenditure under this head since the operation of the Fund to \$1,246,933.63.

In the Extra Nuclear Housing Areas at Grove, Herstelling, Little Diamond and Prospect, East Bank, Demerara, work had progressed satisfactorily in the laying of pipeline connections from the mains into the house lots and by the end of the year, several of the houses in these Areas were connected to the water system.

#### ROADS IN THE HOUSING AREAS

12. Following the decision of the Committee to replace the lightly metalled burnt earth roads in the Housing Areas by semi-grout asphalt bound roads, pilot projects in road construction were carried out during 1960, in the Hope Housing Area, Enmore Estate, East Coast, Demerara, and the Herstelling Housing Area, Diamond Estate, East Bank, Demerara. The main purpose of the pilot schemes was to provide suitable training for foremen and other supervisory personnel from the various Estates in the Demerara Area who would be engaged in the road construction programme.

The new roads are constructed to an overall width of 8 feet to provide for movement of a single line of traffic of approximately 50 tons per day limited to 5-ton vehicles. It has also been decided to provide each Housing Area with a certain number of main roads intended for carrying heavier vehicles and constructed to a maximum width of 17 feet and to a higher specification than the 8 feet wide road. Both the main and subsidiary roads are constructed with concrete retaining walls.

During the year, expenditure totalling \$522,069.98 was approved for the construction of permanent roads in Extra Nuclear Housing Areas as follows:—

#### TRANSFER OF HOUSING AREAS

13. During the year, the position was examined as to the steps which would have to be taken to effect transfer of the Extra Nuclear Housing Areas from the Estates to the Committee in pursuance of the Agreement reached in 1959 between the Sugar Companies and the Committee.

When the Housing Areas were originally laid out the plans were prepared to meet the requirements of the Central Board of Health for "building" purposes and not for the passing of transports. Because of this, none of the existing plans could be

used for the purpose of transporting the land from the Estate Proprietors to the Committee.

It was recognised, therefore, that the first legal requirement was for the necessary surveys to be carried out and for plans to be prepared acceptable to the Department of Lands and Mines and the Registrar of Deeds.

To this end, the Committee completed arrangements during the year for the Housing Areas to be surveyed and for the necessary plans to be prepared. At the close of the year, the survey and plans for the Housing Areas at Skeldon Estate were completed

and were submitted to the Central Board of Health for approval.

The survey of the Housing Areas at Uitvlugt Estate were also in progress at the end of the year.

#### WELFARE PROJECTS

14. During the year under review, further progress was made in the welfare programme for sugar estates; and further steps were taken to complete the Welfare Plan formulated in 1955 with respect to the main Estates. Expenditure totalling \$68,481.23 was approved during the year for the following welfare projects:—

Social Welfare activities on the sugar estates are organised by the male and female Welfare Officers who work under the central direction of the Welfare Organisers of the B.G. Sugar Producers' Association.

### COMMUNITY CENTRES

The Community Centres are the focal points for welfare activities on the Estates. All residents of Estates are qualified for membership. The management of the day to day activities of the Centre is carried out by an elected Council and various Committees representative of the various sections of estate life.

The activities of the Community Centres include Adult Education Classes, Lectures, Debating Clubs, Drama Groups and Handicraft Training. Boy Scout and Youth Groups are also organized under the direction of the Welfare Officers. Film shows continue to be one of the most popular activities of the Centres and each Centre is provided with a 16 millimetre Film Projector as a fixture.

### WOMEN'S AND GIRLS' CLUBS

The main purpose of the Women's and Girls' Clubs is to promote activities directed towards the social and cultural improvement of their members. Membership is open to all women and girls on the Estates, and the management of the Club is the responsibility of an elected Committee.

Each Club is provided with a well equipped domestic science room and the programme covers principally the various aspects of home economics.

### RECREATION GROUNDS

Outdoor games, and cricket in particular, are still very popular among sugar estate workers. An increasing interest is being shown by the workers in athletics and every encouragement is being given by the Sugar Producers towards the development of this form of outdoor recreation.

At the close of the year, full size Recreation Grounds were in use on all the main Estates. In addition, several of the sectional Estates had been provided with subsidiary Grounds.
