

BRITISH GUIANA

ANNUAL REPORT

OF THE

COMMISSIONER OF POLICE

FOR THE YEAR

1962

BRITISH GUIANA POLICE FORCE - ANNUAL REPORT

PART I

GENERAL REPORT AND SURVEY OF THE YEAR

1. The Force was under the command of Mr. W.R. Weber until he went on pre-retirement leave with effect from 1st September. Mr. P.G. Owen, formerly Commissioner of Police, Gibraltar, arrived in the Colony on 3rd August on appointment as Supernumerary Commissioner and took over the command from Mr. Weber on 1st September.

The Most Important Problems Affecting the Force

2. The main problems affecting the Force are as follows:-

(a) Housing

Existing married quarters are sufficient for only about one quarter of married ranks, and in many cases the quarters are in need of rebuilding and modernising. Suitable accommodation is frequently unobtainable in rural areas and only at very high rentals in urban areas, so that despite a recent increase in rent allowances the married man forced to find his own accommodation is financially worse off than the man provided with quarters. Unavoidable transfers consequently often result in hardships to ranks concerned and the remedy appears to be either to provide quarters for all or for Government to rent quarters in urban areas and build in the rural areas.

(b) Station Accommodation

Many of the police stations are old, dilapidated and too small for modern needs. Standard type stations and which include, as usual, accommodation for single men, are now to be introduced. The provision of new police stations, where necessary, should be given a high priority in Government's building programme each year.

(c) Transport

Inability, for financial reasons, to maintain programmed replacement of motor transport has reduced the effective strength below Force requirements. It is doubtful whether even in a short-term view this is economical when considering high running and maintenance costs, and certainly it is uneconomical in the long-term view. Due perhaps to the higher initial costs, water transport has not been replaced with a view to combining efficiency and economy, and the state of the Force's water transport is now most parlous. More and better craft are urgently needed. A survey has been carried out, which now shows our minimum requirements and our most urgent requirements.

Visits by Members of the Royal Family and Visits by Other Important Persons

3. (a) His Royal Highness the Duke of Edinburgh visited the Colony from 7th to 9th February. Extensive police arrangements were made and no incident occurred.
- (b) The Earl Louis Mountbatten of Burma, K.G., P.C., G.C.B., G.C.S.I., G.C.I.E., G.C.V.O., Admiral of the Fleet and Chief of the United Kingdom Defence Staff visited the Colony on 6th March. He was introduced to Officers of the Force stationed at Headquarters and 'A' Division, and inspected our Force Control Room at Police Headquarters.

Visits by Her Majesty's Ships

4. H.M.S. "Troubridge" on Friday, 16th February.
H.M.S. "Wizard" on Friday, 16th February.
H.M.S. "Vigilant" on Saturday, 17th February.
H.M.S. "Urchin" on Saturday, 17th February.
H.M.S. "Ulster" from 18th to 24th May.
H.M.S. "Whirlwind" from 22nd to 25th October.

Inspections of the Force

5. (a) There was no inspection of the Force by the Inspector General of Colonial Police or his Deputy.
- (b) The Honourable Minister for Home Affairs, Mr. Claude Christian, visited and inspected a number of divisional headquarters and stations.
- (c) All stations, with the exception of Orinduik, were visited by the Commissioner.

Honours and Awards

6. The Colonial Police Medal for Long Service and Good Conduct was awarded to 3 Inspectors, 34 Subordinate Officers and 40 Constables. The First Bar to the Medal was awarded to 6, and the Second Bar to 9 members of the Force.

COMMISSIONER'S COMMENDATION

7. 22 Commissioner's Commendations and 3 High Commendations were awarded to members of the Force, and members of the public received 2 Commendation Certificates and Awards for special services to the Force and to the community.

Establishment and Changes in Conditions of Service

8. There was no change in the Establishment. A new salary structure for the Force was introduced during the early part of the year and was made retrospective as from 1st January, 1961. Leave conditions are still under review.

Important New Legislation Affecting the Force

9. There was no new legislation affecting the Force during the year under review.

Review of Crime

10. Crime once again took the upward trend in 1962, after being on the decrease for the past two years (1960 and 1961). There was an overall increase of 20.9% when compared with the year 1961. The average percentage of crimes cleared up - 42.0 - showed a slight drop of 0.9% as compared with 42.9% in 1961. The following table gives a general comparison from 1959 to 1962:-

YEAR	TRUE REPORTS			NO. OF CASES CLEARED UP			NO. OF CASES CLEARED UP			% INCR. DECR. TRUE REPORTS		% TOTAL

New Houses and Buildings Completed During the Year

11. 5 new Married Quarters were almost completed on the new Police Station site at Rosignol, to replace the nearby Blairmont Police Station and Quarters.

Other Items of Special Interest

12. (a) Civil Disturbance

Following on a declaration of a general strike which included the Civil Service on February 13, the city of Georgetown witnessed massive demonstrations against the Government culminating on February 16 in a sudden and extraordinary outbreak of violence on an extensive scale. In all, 56 premises were destroyed by fire, 87 were damaged of which 66 were also looted. Property estimated at 11½ million B.W.I. dollars was lost.

One Police Officer was shot dead by the rioters, another Officer was shot twice and 39 other ranks injured mainly by stones and bottles, but in 4 cases by shooting by the rioters. Four civilians were fatally shot and 41 persons reported receiving injuries before the riot was quelled after the arrival of military aid the same afternoon. The Commission of Inquiry found that "the police performed their extremely difficult and onerous task to the best of their ability and capacity. If they failed in maintaining law and order on February 16th, they cannot be blamed for in no country is it possible to have available a police force large enough to control a sudden and extraordinary outbreak of violence on such an extensive scale". (A Report by the Commission of Inquiry is published by H.M.S.O. - Colonial No. 354. S.O. Code No. 58 - 354.) A total of 239 persons, including looters, was brought before the Courts as a result of the disturbance and 224 were convicted.

(b) Robbery under Arms

About 9.45 a.m. on 27th April three employees of the British Guiana Rice Marketing Board entered their car outside Barclays Bank to take over \$10,000 in cash to the Board to pay salaries. In the city of Georgetown's main business street, a man wearing a motor cyclist's helmet with plaster stuck about his face and armed with a revolver, forced his way into the car with them as they entered and dictated the route to be taken by the driver. Within a short distance of the Bank and still in a very busy street the clerks and driver left the car which was then driven away by the robber. The driver and two accomplices were later arrested and were placed on bail awaiting trial. None of the money was recovered.

On 27th August clerks employed by the Royal Bank of Canada were completing removal of cash totalling \$112,125 which they were removing from the Bank into a car when they were held up at gun point and the car and cash were driven away. Within a matter of hours, however, \$91,777 was recovered and four persons, including the three on bail for the April crime, were in due course charged. For the April crime two were convicted and the third acquitted. Sentences of 10 years imprisonment with 10 strokes each were awarded. For the August crime three were convicted and the fourth acquitted. Sentences awarded in the case were as follows - one to 7 years imprisonment, one to 10 years and 12 strokes and the third 12 years imprisonment. There is no record of such a large sum of money having been stolen in British Guiana before.

Main Conclusions to be Drawn from the Report

13. The main conclusions to be drawn from this Report are:-

(a) The decrease in crime noted in 1961 has not been maintained and in 1962 the position again deteriorated as evidenced by an overall increase of 20.9%.

(b) Recruitment of suitable candidates for the Force is still laborious in that although there is no shortage of applicants, candidates possessing essential and desirable physical as well as educational qualifications are few.

(c) The excessively high road accident rate and the high crime rate indicate the need for an appreciable increase in the strength of the Force.

PART II

ORGANISATION and ADMINISTRATION

Organisation

14. The Force is responsible for the policing of the entire territory of British Guiana, which has an area of approximately 83,000 square miles with a population of 550,000 (estimated), including the city of Georgetown with a population of about 120,000 and the town of New Amsterdam.

15. The Colony is divided into seven Police divisions lettered "A" to "G", as shown on Appendix "B". They are -

- "A" Division - the city of Georgetown and the East Bank of the Demerara River, including the international airport at Atkinson Field, 25 miles from Georgetown;
- "B" Division - consisting mainly of the County of Berbice and the area around Kwakwani on the East Bank of the Berbice River, where bauxite is mined by Reynolds Metals Company, Limited;
- "C" Division - the County of Demerara, East of the Demerara River but excluding "A" Division;
- "D" Division - the County of Demerara, West of the Demerara River;

- "E" Division - the area surrounding the holdings of the Demerara Bauxite Company Limited at Mackenzie (65 miles up the Demerara River);
- "F" Division - the largest Division territorially but the least densely populated, "F" Division has three sub-divisions -
- (a) The North West District. This sub-division includes the area held by Manganese Mines Management (formerly the African Manganese Company) where mining for manganese is being carried on;
 - (b) the Mazaruni-Potaro District. This includes the "Bartica triangle" - the main centre of the timber industry - and the gold and diamond mining areas;
 - (c) the Rupununi District. The savannah country - the cattle-ranching area. Some mining is also carried on in this sub-division;
- "G" Division - the Essequibo Coast, including the islands in the Essequibo River.

All Divisions were commanded by Gazetted Officers throughout the year. In "F" Division, however, the Officer in addition to supervising the Sergeant in charge at Mabaruma (North West District), the Inspector in charge at Bartica (Mazaruni-Potaro District) and the Inspector at Lethem (Rupununi District), held a substantive post at Force Headquarters in Georgetown and this precluded very detailed supervision of the Interior stations.

16. All stations were visited by Officers in charge of the Divisions and Sub-divisions and were regularly inspected by the same Officers during the year.

17. The Commissioner and other Officers from Headquarters carried out inspections of stations during the year.

Guillebaud, C.B.E., as Chairman to review wages, salaries and conditions of service in the Public Service, and also to review and advise the Governor-in-Council on promotions, methods and representations and negotiation in respect of the Force.

Housing

27. No further provision was made for the housing of married ranks, and therefore accommodation especially in

Georgetown, is difficult to obtain and rents are much higher than the allowance paid to married men.

Civilians

28. (a) The establishment and strength of the clerical staff (Civil Service) at the end of the year were 4 and 2 respectively; one Class II Clerk (male) was employed in the Finance Office at Headquarters and one Clerical Assistant (female) in the office of the Senior Superintendent "B" Division at New Amsterdam.

(b) The Force employed two coxswains and one boat-hand in the Mazaruni-Potaro District, and one magazine keeper in Georgetown. These persons, by virtue of their employment, are Rural Constables.

(c) There were 34 full-time auxiliaries employed by the Force at the end of the year; these persons are "barrack labourers" and they are employed in keeping compounds clean, moving furniture and other stores, and in labouring work generally.

Finance

29. The revised estimated cost of the Force in 1962 was \$3,961,103.00 (£825,229.15s.10d.). The cost per head of population was \$6.71 (£1.7s.11½d.) based on an estimated population figure of 550,140 at the end of the year.

PART III

RECRUITMENT and TRAINING

Training Establishment

32. The establishment of the staff of the School was changed during the period under review. It was found that in order to maintain a full training programme an increase of two Sergeants and two Corporals was needed. This change has brought the establishment to read one Assistant Superintendent, two Inspectors, eight Sergeants and four Corporals.

33. The clerical staff remained the same - three Constables (including one woman Constable, a Shorthand-Typist).

Organisation of the Training School

34. The Training School, with accommodation for 85 students, is capable of providing four courses simultaneously. Routine instruction at the School, except for periods of physical training and fatigues, begins at 7.45 a.m. and continues with the usual breaks, until 4.30 p.m. Provision

is made in the syllabus for practical demonstrations and exercises and instruction is augmented by training films and film strips.

35. The School is under the command of a Senior Superintendent.

Minimum Physical and Educational Standards

36. The minimum standards of physical and educational qualifications for appointment are -

- Men (a) 18 - 25 years of age;
- (b) 5 feet 8 inches in height;
- (c) 135 pounds in weight;
- (d) Primary School certificate standard of education. An education test, at Primary School certificate level, is set for all applicants except those holding the Cambridge School Certificate or its equivalent, or the General Certificate of Education (Ordinary Level) with passes in English Language and Arithmetic, or higher qualifications. The pass mark for the test is 60%.

- Women (a) 18 - 30 years of age;
- (b) 5 feet 4 inches in height;
- (c) unmarried;
- (d) educational qualifications similar to those required for male applicants and a knowledge of shorthand and typewriting.

If male applicants who are below the physical standards have special qualifications, for example, driver-mechanic, certified launch engineer or coxswain, or any educational qualifications above the average, they are considered for appointment. Similarly women applicants who do not have a knowledge of shorthand and typewriting are considered if they are very suitable in other respects.

Recruiting

37. During the year, 3,205 applications were received of which 2,703 were from males and 502 from females.

38. At the end of the year 1,210 male and 17 female applicants had been interviewed of which 639 male and 12 female were selected to take the entrance examination. 201 male and 6 female were successful at this examination and appeared before a final selection board with the following results:-

Men: Selected, passed medical examination and entered the Force	...	102 *
Rejected by Selection Board	...	72
Selected but failed medical examination	...	5
Deferred by Selection Board (age)	...	5
Deferred by Selection Board (to be matured)	...	5
Withdrew applications before being selected	...	5
Withdrew applications after being selected	...	4
Invited but failed to appear for selection	...	12

<u>Women:</u> Selected, passed medical examination and entered the Force	...	3
Rejected by Selection	...	1
Deferred by Selection Board (no knowledge of shorthand and typewriting)	...	2

* includes 16 applicants who had passed the entrance examination in the year 1961 and were awaiting the final selection board. One failed the medical examination in 1961 and was re-examined and passed as fit, one who had passed all recruiting stages but did not turn up for enlistment, and one re-admitted after he had withdrawn for five and a half months.

38. On 31st December, there were 934 applications on hand which had not been dealt with and seven applicants were awaiting to appear before the Final Selection Board.

39. Of the 101 men accepted for enlistment, 57 attended secondary schools. Two possessed the General Certificate of Education (Ordinary Level) with 8 and 9 subjects, twelve others obtained passes in 1 and 2 subjects in the General Certificate of Education, six Cambridge School Certificates, nineteen the College of Preceptors Certificates and fifty-one Primary School Certificates.

40. Of the 3 women selected, two attended secondary schools, one possessed a Certificate of the College of Preceptors and one a Primary School Certificate.

41. The services of six probationers were dispensed with and nine were allowed to withdraw. One of the probationers whose services were dispensed with was a woman. The period of probation is two years.

42. Eight probationers received Commissioner's awards during the year. Six were for keen observation and prompt action, and two for extra hours of duty performed over a long period on a special task.

Difficulties in Recruiting

43. Applications during 1962 were the highest for the past five years, but suitable material offering itself, scarce. Approximately half the applicants were rejected initially because of failure to attain the physical requirements and only approximately 30% of those taking the educational examination were successful in it. Figures available at the end of the year are the highest in five years, but did not reflect an increase by way of better material. Although the salary scales have been improved, yet this has failed to attract qualified secondary school boys to the Force.

Period of Initial Training

44. The training of probationary constables extends

over a period of two years, as follows:-

(a) Initial Course	-	6 months
(b) Practical Training in Divisions	-	16 months
(c) Final Course	-	2 months

45. The number of periods devoted to various activities at the Training School during the 34 weeks' period of training (initial and final) remained the same with the approximate percentage of the whole as follows:-

<u>Initial Training</u>	<u>Periods</u>	<u>Percentage</u>
A. Law and Police Duties (Theory)	350	31
B. Law and Police Duties (Practical) (including self defence)	233	20
C. Drill and Weapon Training	259	23

Courses held during the year

46. (a) Probationer Training - Initial

Four courses were taken into the School during the year.

(b) Probationer Training - Final

Two courses were held for ranks who had completed their divisional training and returned to the School

for the completion of their probationary training.

(c) Mounted Branch

One Course of 6 months basic police training was held for six probationers taken into the Force for service with the Mounted Branch.

(d) Supernumerary Constables

One Course of two weeks duration was held for constables employed by the British Guiana Electricity Corporation. It consisted of instruction in basic police duties and drill.

(e) Special Constabulary

Two Courses of six weeks duration, three afternoons a week, were held for Special Constables. It consisted of instruction in basic duties.

(f) Other Courses

With the kind co-operation of the Extra Mural Department of the University of the West Indies, a series of evening lectures were given on Social Psychology to selected members of the Force drawn from all ranks.

(g) Prosecutors' Course

One Course of ten weeks duration, two afternoons a week, was held for selected members of the Force drawn from all ranks, but because of the disturbances on February 16, the Course was not completed.

Qualifying Examination

47. (a) Three Assistant Superintendents took the appropriate qualifying examinations for confirmation to the Gazetted Rank, and they were successful, and were later confirmed in the rank of Assistant Superintendent.

(b) To Gazetted Rank

Only one Inspector offered himself for the Qualifying Examination for promotion to the Gazetted Rank, and he was successful.

(c) Sergeant to Inspector

Five Sergeants and three Corporals took the appropriate qualifying examination for promotion to Inspector; two Sergeants and two Corporals were successful.

(d) Constable to Corporal

Sixty-two Constables took the appropriate qualifying examination for promotion to Corporal; **thirty-six** were successful.

Refresher Training

48. In the latter half of the year an intensive programme was prepared to provide refresher training in general police duties, traffic, criminal investigation and court prosecution. This programme will continue in 1963. To the end of the current year, one traffic course and one criminal investigation were completed involving 25 ranks in each case.

Training in the United Kingdom

49. To provide fuller training benefits a 3-year programme for training in general duties and specialist aspects has been prepared and vacancies applied for in the United Kingdom. It is hoped that this programme will become fully effective from 1963, subject to the acceptance of nominations and this will cover training for both officers and other ranks in all aspects offered by the Department of Technical Co-operation.

50. At the end of 1962, the following courses had been undertaken in the United Kingdom:-

52. There was an overall increase of 20.9% in the total

number of True Reports of crime made to the Police in 1962, as compared with 1961.

53. The high rate of serious crime once again took the upward trend during 1962, after being under control for the past two years (1960 and 1961). Summary crimes cleared up (49.9%) showed an increase of 2.4% to the number of true reports made, while indictable crimes (34.1%) a decrease of 4.2% when compared with 1962. The total average percentages of cases, both indictable and summary crimes cleared up, showed a decrease of 0.9% for the year. Comparative crime figures are shown hereunder:-

	<u>1960</u>	<u>1961</u>	<u>1962</u>
Indictable Crimes	1,869	1,960	2,737
All other categories of crimes and offences	<u>75,269</u>	<u>76,821</u>	<u>86,981</u>
	<u>77,138</u>	<u>78,781</u>	<u>89,718</u>

54. The total number of reports of crimes and offences rose by 10,937 in 1962 over 1961, but this increase was due mainly to Indictable and Summary crimes, offences against public order, traffic offences and minor reports. A further breakdown of the total figures for 1960, 1961 and 1962 is given below -

	<u>1960</u>	<u>1961</u>	<u>1962</u>	
Indictable Crimes	1,869	1,960	2,737	+ 777 or 39.6%

	<u>77,138</u>	<u>78,781</u>	<u>89,718</u>	+10,937 or 13.8%

55. The following detailed analyses of all categories of crime are attached as appendices to this report:-

- Appendix "E" - Table I.A. - Total number of all cases for 1962, Indictable and Summary crimes and offences.
- Table I.B. - Number of persons
- Table II. - Statutory Offences
- Appendix "F" - Comparative figures for 1960, 1961 and 1962 of true reports shown in Table I.A. of Appendix "E".

56. There were 31 reports of murder made during 1962, an increase of 6 when compared with 1961. Of these 31 reports, 28 were cleared up. 11 cases were postponed for trial in 1963. Of the remaining 17 cases disposed of in 1962, in 2 cases the accused were sentenced to death, 5 were convicted for manslaughter, 2 acquitted and discharged, 1 nolle prosequi, 1 closed undetected, 3 the investigation was incomplete and 3 committed suicide.

Manslaughter

57. 15 reports were made to the police during 1962 as against 8 such reports in 1961.

58. 151 reports of this nature were made during 1962, an increase of 5 reports over the previous year.

Rape and Sexual Offences

59. There was an increase of 22.2% in this category from 54 reports in 1961 to 66 reports in 1962.

Robbery and Extortion

60. Reports in this category showed an increase of 57.9% from 107 in 1961 to 169 in 1962. 31 reports were pending investigation or trial from the previous year. The 177 true reports dealt with during the year were disposed of as follows:-

Offences against Dwelling Houses by Night

61. Reports under this heading showed an increase of 72.7% from 381 in 1961 to 658 in 1962. This figure includes the true reports of Burglary, Housebreaking and Larceny by Night, Entering Dwelling House by Night with Intent and Being Found by Night in Possession of Housebreaking Implements.

House and Storebreaking

62. Classified under this heading are house breaking by day and store breaking by day and night. 1,073 such reports were made during 1962, an increase of 499 or 86.9% over the 1961 figure which was 574.

Arson

63. There were 48 reports made during 1962 compared with 25 made during 1961. Most of the reports made during 1962 concerned malicious setting of fire to buildings.

Larceny in a Dwelling House

64. There were 85 reports of larceny in a dwelling house in 1962 as against 73 in 1961. Other indictable reports of larcenies recorded were 265 compared with 229 in 1961.

Value of Property stolen in all Larcenies, Frauds and Breaking Offences

65. The value of property stolen or fraudulently obtained in all reports under this category amounted to \$2,317,883.09 compared with \$789,648.10 in 1961; the sum of \$260,123.08 or 11.2% was recovered compared with \$161,403.73 or 20.4% in 1961. This very great increase in property value stolen was due mainly to the riot which occurred in Georgetown on 16th February when property valued \$1,279,874.75 was looted from 41 business places in the commercial centre of Georgetown; of this amount property valued at \$13,931.50 was recovered.

Forgery and Possession of Forged Currency Notes

66. 42 reports were made during 1962, while 37 such reports were made in 1961.

CRIMINAL INVESTIGATION DEPARTMENT

79. This Department continued to function under the Assistant Commissioner 'Crime'. There are two Legal Advisers, who are Barristers-at-Law. These officers conducted preliminary hearings and other important and complicated indictable cases. Their opinions were sought in certain matters which presented legal problems during Police investigation and in all indictable cases of murder, manslaughter, sexual offences, frauds, counterfeiting and perjury.

Crime Prevention

80. This section continued to patrol the city of Georgetown both by day and night. The Squad dealt with the prevention of all types of crime. The following figures are given for comparison:-

	<u>1961</u>	<u>1962</u>
Indictable and Summary cases convicted ...	2,056	2,766
Warrants executed, both arrest and commitment ...	2,359	1,447
Fines collected on warrants ...	\$24,108.66	13,191.70

Dog

81. "Rio" and "Bruce" formed the Canine Section of the Force. "Rio" made 15 cases and "Bruce" 1, during the year under review. All these cases occurred in the city but they were also used in other parts of the Colony though with less success due to the time factor.

Criminal Record Office

82. The Criminal Record Office continued to be the nucleus from which criminal information was disseminated to all sections of the Force and to the United Kingdom and some West Indian Islands. Visits were paid to this Department by recruits from the Police Training School, and by Primary and Secondary School children.

83. A depleted staff had a very strenuous year in that extraneous duties were performed and this resulted in some accumulation of normal work at year end. There were over five thousand new additions to the Crime Registers in the year under review.

Fingerprint Branch

84. This section is also understaffed. During the year under review, 950 scenes of crime were visited an increase of 320 over 1961, from these scenes 120 latent fingerprints were found and 3 cases resulted. At the end of the year there were 31,000 sets of fingerprints on file. Fingerprints of persons arrested and charged with various offences amounted to

3,184; of this amount 100 identifications were made of individuals who tried to conceal their identity. In addition to this, 2,527 persons were fingerprinted and screened for employment with Government and for travelling abroad. From this amount 67 persons supplying wrong names and antecedents were identified as being on the Crime Registers. Thirteen unidentified corpses were fingerprinted and two were identified through fingerprints. This Section continued to receive fingerprints of wanted persons from the Federal Bureau of Investigation.

Photographic Branch

85. A total of 9,280 photographs were taken and 823 scenes of crime were visited. Photostatic prints made from questioned documents amounted to 13,566. Prints for public identification were 2,080 and prisoners line-up - a new feature - 1,376, in addition to other incidents of interest.

Drawing Office

86. This section has proved itself to be an important part of the Force, and is manned by a subordinate officer, who, among other things, prepares plans of scenes of crime. His activities take him to all parts of the Colony. The high quality of work produced has earned the commendations of the Courts. For the year 1962, 87 plans were prepared by the department. Of these, 5 were tendered in cases of murder and 1 of manslaughter.

Method Index

87. This branch played its important role in assisting in crime detection and during the year information was given in 71 cases, as a result of which 20 cases were made and 10 convictions obtained.

COURT WORK

88. The Courts consist of the Supreme Court with sessions in the three counties and a number of Magistrates' Courts of which the majority are in the city of Georgetown. Police Officers, Inspectors and Sergeants prosecute most summary cases and conduct proceedings at preliminary enquiries in many indictable offences.

Persons placed before the Court

The number of motor vehicles registered during the year was 1,766 as against 2,922 in the year 1961.

95. The problem of private cars operating illegally as hire cars still exists all over the Colony.

Testing of Drivers

96. The Prescribed Authority appoints Certifying Officers who are members of the Force, and all applicants for driving licences unless they hold such a licence issued in any part of the British Commonwealth are bound to be examined by a Certifying Officer. In 1962, 3,410 persons were examined. Of this amount 2,731 passed and 679 failed. The cost of a provisional licence is 50 cents and a driver's licence \$3.00.

Examination of Vehicles

97. Under the provisions of the Motor Vehicles & Road Traffic Ordinance, all motor vehicles must be examined and a Certificate of Fitness issued before a vehicle is licensed for use on the road. These examinations are carried out by Certifying Officers. A certificate of fitness may remain in force for three years in respect of a private car or motor cycle, but in the case of hire cars and buses an examination must be carried out every six months. In practice, however, new cars and motor cycles are required for re-examination annually after the first two years.

Licence Revenue Department

98. In Georgetown there is a separate department under the Licence Revenue Officer. This officer is responsible for the collection of revenue derived from the licensing of motor vehicles, drivers, etc. Outside Georgetown, members of the Force are appointed as Licensing Officers under the Motor Vehicles & Road Traffic Ordinance.

Traffic Department

99. "D" Department under the command of a Superintendent is responsible to the Commissioner for road traffic policy and maintains statistics of road accidents and records of drivers' and conductors' convictions. Each Division has its own Traffic Branch for traffic law enforcement.

100. "D" Department also operated a Road Safety section for educating the community in methods of road safety. Safety campaigns which involved lectures and film shows to schools and various organisations were held during the year. Road Safety booths were erected at New Amsterdam, Berbice; Mahaicony; West Demerara and at several other fairs in Georgetown.

101. Concentrated enforcement by traffic personnel during the year resulted in a marked drop in the number of road accidents and fatalities as compared with the previous year.

Road Accidents

102. The total number of accidents reported to the Police was 2,815 as compared with 3,293 in 1961. The following table gives particulars of the accidents compared with

PART VI

OTHER SPECIALISED DUTIES

112. The Emergency Force, maintained at the Depot under the command of an Assistant Superintendent, consists of 1 Inspector, 14 Subordinate Officers and 100 Constables and continued to supply a 24-hour guard at Government House and the Premier's residence. It also provided regular armed escorts for the commercial banks and Government payroll. Personal escorts to Government Ministers were provided by ranks attached to the Depot.

113. On 16th February, burning and looting started in Georgetown; all the three units of the Emergency Force went into action and were attacked by looters. As a result, 1 member of "A" unit, the Officer in charge, was fatally shot and seven others injured. Special commendations have since been presented to each unit concerned for duty performed on 16th February, and a copy given to each member.

114. Guards of Honour were provided on the occasion of the Annual Conference of the Police Federation, and the opening of the Supreme Criminal Court, Georgetown.

115. As required during the year, demonstrations of riot drill were performed at Atkinson Field for the benefit of probationers undergoing training.

116. Ceremonial Guard Changing at Government House was performed by members of the Riot Units and members of the British Troops stationed in British Guiana - the 1st Battalions, the Royal Hampshire and the East Anglia Regiments.

The Mounted Police

117. The Mounted Branch continues under the command of the officer in charge of "A" Division. Its establishment at the end of the year was 1 Assistant Superintendent, 2 Sergeants,

7 Corporals, 30 Constables, with 39 horses.

118. Patrols were maintained throughout the city of Georgetown and its environs. The Branch continued to serve a useful purpose in preserving order at political meetings, athletic meetings, outdoor games and road races, cinemas, steel band processions, and on many other occasions when large crowds assembled. Members of the Mounted Branch also assisted greatly in the regulation of traffic outside schools and at busy traffic points.

119. Ceremonial escorts were provided for His Excellency the Governor on the occasions of the Birthday of Her Majesty the Queen, the opening of the House of Assembly and the Remembrance Day parades. A Royal Escort was provided for His Royal Highness the Duke of Edinburgh in February.

The River Police

120. The establishment of the River Police in Georgetown was 1 Inspector, 1 Sergeant, 7 Corporals, 28 Constables. The effectiveness of this Branch has been considerably diminished by the lack of water transport, particularly launches.

The Women Police

121. Women Police were employed on clerical duties at Force and Divisional Headquarters, in Control Room as telephone and V.H.F. equipment operators, as escorts for female offenders, on general duties at stations and in the Criminal Investigation Department and the Special Branch.

122. There was no change in the establishment which is 1 Inspector, 4 Sergeants, 7 Corporals and 42 Constables. During the year 3 women were recruited, the services of 1 were dispensed with and 1 was permitted to withdraw.

The Special Constabulary

123. Members of the Special Constabulary rendered valuable assistance to the regular Force during the riot in Georgetown on 16th February and the Christmas season, when they carried out beat and patrol duty. Instruction classes and parades were held regularly during the year. Eleven members of the Special Constabulary passed an examination in First Aid to the Injured. The strength of the Constabulary at 31st December was the Commandant, 4 Officers, 1 Inspector, 18 Subordinate Officers and 125 Constables.

The Rural Constabulary

124. The Rural Constabulary, which is the oldest auxiliary of the Force, was formed in 1849. Rural Constables were employed in serving process, both civil and criminal, in the remote parts of the country. They also assisted the regular Force in the diamond and gold mining areas. Personnel

are divided into -

- (a) those who by law have been appointed because of their employment, such as bailiffs, (under the Summary Jurisdiction (Magistrates) Ordinance, steersmen and bowmen on boats (under the Rivers Navigation Ordinance); and
- (b) those specially selected to give assistance to the regular Force in districts and villages.

The number of Rural Constables at the end of the year was 562 (526 at the end of 1961).

Supernumerary Constables

125. There were 219 Supernumerary Constables (201 at the end of 1961) on the strength at the end of the year. These were employed by -

The Director of Public Works for duty at Atkinson Field Airport	6
B.G. Airways (Government) Limited for duty at the Maintenance Depot and Water Aerodrome	9
Other Government Departments for the protection of property, etc.	46
The Demerara Bauxite Company Limited at Mackenzie	76
Bookers Central Services Limited for the protection of their properties	9
The British Guiana Sugar Producers' Association Limited, for duty on sugar estates	30
Manganese Mines Management, Limited, North-West District	14
Other Firms for the protection of property	29

Stores

126. The supply of stores was satisfactory. There was some improvement regarding the supply of stationery as our allocation was increased.

127. During the disturbances in Georgetown in February, the Quartermaster Stores established cook-houses at Ruimveldt and Alberttown, as meals had to be supplied to ranks who were confined to barracks.

Communications

128. The post of Radio Technician has been redesignated Communications Officer and has been given Gazetted status.

The establishment at 31st December was 2 Inspectors, 1 Sergeant, 6 Corporals, 3 Constables.

129. There has been no increase in the number of fixed stations so the year's activities were directed mainly at improving economically, the reliability of the service. In this direction, two BICC masts (60 feet and 140 feet high) were erected at Albion in the Corentyne District and at the bauxite mining town of Mackenzie 65 miles up the Demerara River, respectively. A number of mobile units, 8 years old and over, were considered unfit for further use and were destroyed. The two Cossor Motor Cycle sets continue to give satisfactory service, the fault-rate being very low indeed.

130. The electrical maintenance team has done another satisfactory year's work. In co-operation with the Government Electrical Contractors' section of the Telecommunications Department, several Police buildings were wired for electricity.

Transport

131. This Branch at Force Headquarters is responsible for general maintenance, servicing and repairs to all Force vehicles and river craft, also the training of personnel for the efficient operation thereof.

132. At the end of the year 915 major repair jobs were completed in the Workshop with eleven vehicles awaiting completion (one Van, one Land Rover, two Cars, one Lorry, six Motor Cycles). The cost of materials used on these jobs was \$22,449.85.

134. These figures include 8 motor cycles awaiting spares from the United Kingdom and two land rovers and one lorry awaiting a Board of Survey.

135. Sixteen vehicles were considered unserviceable, boarded and sold. Eleven motor cycles and one land rover were acquired as replacements.

136. There were 40 accidents involving Force vehicles as compared with 31 during the previous year. Vehicles involved were - 10 land rovers, 8 cars, 3 vans, 16 motor cycles and 3 trucks. The cost of materials used on the repairs of these jobs amounted to \$4,417.73. The total mileage by Force vehicles for this year was 728,250 miles 691,300 for the previous year.

Driving School

137. Twenty courses were held during 1962 and these consisted of five for drivers (elementary), two for motor cyclists (elementary), one for launch engineers, and twelve refresher and short courses for Certifying Officers and advanced drivers.

Water Transport

138. The allocation of Water Transport at the end of the year was -

<u>Divisions</u>	<u>Launches</u>	<u>Tent Boats</u>	<u>Open Boats</u>	<u>Total</u>
Headquarters	-	-	1	1
"A"	2	1	2	5
"B"	-	-	1	1

"F"	1	5	1	7
"G"	2	-	1	3
	<u>7</u>	<u>9</u>	<u>7</u>	<u>23</u>

139. There were no new replacements during the year and more than 50% of the existing fleet gave unsatisfactory service due to their age and construction for use in the particular areas in which they are allocated.

140. Three launches and two tent boats were condemned for disposal by a Board of Survey.

Band

141. In addition to normal ceremonial parades and practices, the Band gave one hundred and seventy-two public performances, including thirty-two in the rural areas. The performances on Saturday afternoons and on every second Sunday night on the Sea Wall continue to be most popular. Recorded programmes of music are broadcast over Station B.G.B.S. every Saturday night.

142. The Bandmaster, while on vacation leave, visited Kneller Hall, the Military School of Music, for one week. The Band Sergeant attending the 3-year Bandmaster's Course at Kneller Hall is making good progress.

PART VII

WELFARE AND RECREATION

General

143. Divisional Superintendents were responsible generally for the welfare of the ranks under their command. The Force Welfare Officer's activities centred mainly on advising in cases referred to him by the Divisional Superintendents and investigating reports made by members of the Force, their wives and members of the public relating to matrimonial and financial affairs which necessitated prolonged enquiries.

Welfare Vote

144. The Welfare vote (\$5,000) on the annual estimates was used with monies from the general Welfare Fund to provide furniture for recreation rooms at stations in "B" and "E" Divisions; refrigerators for Springlands, Suddie, Cove & John and Mabaruma; water coolers for the Training School and the Mounted Branch; a barber's chair for the Training School; radios for Den Amstel, Kamarang and Kurupung; billiard tables for Whim and Fort Wellington; newspapers and periodicals for hospitals, recreation rooms and various Police Stations throughout the Colony.

Welfare Fund

145. The Welfare Fund Committee held twelve monthly meetings during the year and approved of loans totalling \$13,960.43 for members of the Force throughout the Colony. The Committee specially considered and granted loans above the prescribed amount in order to assist members in obtaining houses on hire purchase from Government. As a result a record number of twenty-six members of the Force were able to acquire their own homes in the East La Penitence Housing Scheme. This facility was also extended to many other members for assisting them in erecting and reconditioning their homes. The Welfare Fund is managed by a Committee comprising the Deputy Commissioner (Chairman), the Finance Officer (Secretary), the Force Staff Officer, the Welfare Officer and two representatives elected by the Police Federation. The Welfare Fund obtains its revenue from half the profits of the Wet Canteens, Messes, Sports Club, discounts received from firms operating Dry Canteens for the Force, and interest from loans.

Police Scholarship Fund

146. This Fund, started in 1948, increased in membership. Five scholarships were awarded, bringing the total number of children who have been granted awards to 63. There is one scholar at the University of the West Indies, and the two scholarships to the Government Technical Institute mentioned in the Report for 1961, have been awarded. The existing scholarships at the end of the year numbered 40.

Police Sports Club

147. All members of the Force are members of the Police Sports Club, and pay the sum of fifty cents every month. All sports and games within the Force are financed from the funds so collected. Each section of the Sports Club is controlled by a Chairman; these Chairmen, together with Divisional representatives, form the Committee of Management.

148. The Force was represented at cricket in two Leagues and the First Team gave a good account of themselves in their first season in the premier League (Case Cup).

149. The Shooting Section had another successful season.

150. Athletes representing the Force at other Forces' sports meetings continue to justify their selection, and invariably return with trophies.

151. More interest has been evident in Boxing in the Force, and this not entirely due to the fact that one Force boxer has fought in Olympic, Commonwealth and Pan-American Games.

Police Male Voice Choir

152. The Choir continued in popular demand and also sang for His Royal Highness, the Duke of Edinburgh.

Police Federation

153. The Honourable Minister of Home Affairs addressed the Annual Central Conference and inspected a special Guard of Honour.

154. The Federation continues to represent all non-gazetted ranks of the Force, and fully serves the purposes for which it was created.

Police Medical Centres

155. A dispensary is maintained at "A" Divisional Headquarters, where members of the Force from "A" Division and Force Headquarters attend daily for examination by the Police Surgeon. No treatment is given and all prescriptions are dispensed at the Georgetown Hospital. In other parts of the country, policemen and their families reporting sick go to the nearest Government Medical Officer for treatment.

Police Wards - Government Hospitals

156. Wards, especially set aside for the use of policemen, were maintained at the Government hospitals in Georgetown and New Amsterdam. The Welfare Officer visited the Georgetown Hospital regularly and reading matter, card games and a refrigerator were supplied from Welfare funds. The ward at the New Amsterdam Hospital was visited regularly by a Gazetted Officer.
