Date:

**REPORT OF THE AUDITOR GENERAL
TO THE MEMBERS OF THE BOARD
OF THE DEPENDANTS' PENSION FUND
ON THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 1993**

I have audited the financial statements of the Dependants' Pension Fund for the year ended 31 December, 1993 as set out on the following pages. These statements have been prepared under the historical cost convention and in accordance with the accounting policies as set out on page 13.

Respective Responsibilities of Management and Auditors

The Fund's Management is responsible for the preparation of the financial statements. It is my responsibility to form an independent opinion, based on my audit, on those statements and to report my opinion to you.

Basis of Opinion

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures on the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by Management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

Qualified Opinion Based on Uncertainty

The completeness and accuracy of the amount of \$5,221,754 shown as Contributions in the Income Statement, and \$16,996,201 and \$5,088,641 shown as Debtors and Prepayments, and Unregistered Contributors respectively in the Balance Sheet could not be substantiated since details relating to the classification of contributions of registered and unregistered contributors were not presented for audit examination.

The completeness, accuracy and validity of the amount of \$220,109,939 shown as Due from Accountant General could not be determined. Confirmation of balances was not obtained from the Accountant General. No evidence was provided of reconciliations between the balances of the Fund and those of the Accountant General's Department.

Further, this amount includes an amount of \$135,185,501 representing Interest Receivable from the Accountant General and computed on the basis described at Note 2(B) (III) to the financial statements. There was no documentary evidence to substantiate the basis used to compute this interest.

Except for any adjustments which might have been shown to be necessary as a result of the matters referred to in the preceding paragraphs, in my opinion the financial statements present fairly, in all material respects, the financial position of the Dependants' Pension Fund as at 31 December 1993, and its net surplus and cash flows for the year then ended in conformity with generally accepted accounting principles.
