Administrative expenses was 12.81% of total expenditure in 1999.

DEVELOPMENTAL WORKS

(a) HOUSING

The development of house lots for workers by the Committee was severely restricted in 1999 due to the unavailability of suitable land.

Zeelugt, East Bank Essequibo where fifty three (53) house lots were developed at a cost of \$18,973,000.00 was the only remaining plot of land available to the Committee for development into house lots in 1999.

In response to a request by the Committee, the Guyana Sugar Corporation was able to identify and has agreed to donate a plot of land for development into house lots at Cornelia Ida, West Coast Demerara. This Plot of Land is expected to be developed during the year 2000.

A number of other requests by the Committee were still pending with the Guyana Sugar Corporation and the Ministry of Housing and Water for land to develop into house lots

Details of house lots developed by the Committee since 1995 were as follows:-

(b) ROADS & BRIDGES

The Committee in response to a request from the Enmore/Foulis N.D.C. constructed an access road at Enmore, East Coast Demerara at a cost of \$7,959,600.00

In addition a foot path bridge was constructed at No. 78 Corriverton, Corentyne, Berbice at a cost of \$1,490,410.00. This bridge was constructed to allow allottees of house lots allocated by the Committee and Guysuco at No 78 Corriverton Berbice easier access to their lots.

SALE OF LOTS

In 1999, two hundred and eighty eight (288) house lots were sold and Certificate of Titles issued compared to two hundred and eight one (281) in 1998.

Lots were sold to Sugar Workers at the statutory price of one dollar (\$1.00).

WATER SUPPLY

In May, 1999, the Honourable Minister of Housing and Water appointed a Committee to examine the **feasibility** of the Guyana Water Authority taking over of water systems of the Sugar Industry Labour Welfare Fund Committee.

The Committee submitted its report and recommendations to the Honourable Minister in August 1999. However a final decision was yet to be made with regards to the recommendations in the report.

The Committee continued with its programme to replace the existing water distribution systems in existing housing areas that were developed by the Committee with new P.V.C. pipelines and fittings

Details of New Water Distribution Systems completed in existing Housing Areas during 1999 were as follows:-

<u>HOUSING AREA</u>	<u>COST (MATERIALS & LABOUR)</u>
Zeelugt	\$6,073,931.00
Goed Fortuin	\$11,265,591.00
Patentia	\$15,393,239.00
Blairmont	\$13,889,528.00

The Blairmont Water Rehabilitation Project was funded jointly by the Committee and S.I.M.A.P.

In addition, Water Distribution Systems were done in newly developed housing areas of the Committee.

Details of these projects were as follows:-

HOUSING AREAS	COST (MATERIAL AND LABOUR)
Enterprise	\$6,245,392.00
Herstelling	\$3,243,429.00

The Committee spent a significant amount of its total expenditure or 48.86% on the water sector in 1999.

At the end of 1999 sixteen,(16) wells were being operated by the Committee servicing . over 6,600 households. During 1999 the Committee wells at Uitvlugt and Tuschen were taken out of operation.

The well at Uitvlugt had started to “sand” heavily while the well at Tuschen had a damaged screen.

Housing areas that were serviced by the Uitvlugt well were being serviced by the Committee’s well at Ocean View while the Guyana Water Authority was servicing the areas that was previously serviced by the Tuschen well.

FINANCE:

The Guyana Sugar Corporation Inc. was the only registered exporter of sugar in 1999.

The Committee continued to receive five hundred dollars for every ton of sugar exported.

Levies received during 1999 amounted to \$135,471,075.00 which represented 90% of total income of the Committee.

Levies received as a percentage of total income for previous years were as follows:-

YEAR	PERCENTAGE
1996	93
1997	92
1998	88

Please refer to Appendix II for details of revenue received for the period 1992 to 1999.

Actual expenditure for 1999 amounted to \$183,497,748.00 against a budgeted amount of \$192,656,807.

Please refer to Appendix III for details of expenditure for the period 1992 – 199.

An analysis of actual percentage expenditure incurred under each category compared to total expenditure for 1997, 1998 and 1999 were as follows:-

NO.	CATEGORY	PERCENTAGE TO TOTAL EXPENDITURE (1997)	PERCENTAGE TO TOTAL EXPENDITURE (1998)	PERCENTAGE TO TOTAL EXPENDITURE (1999)	PERCENTAGE INCREASE/ DECREASE 1998/1999

7.	Office Equipment & Furniture	-	0.44	0.41	(0.03)
	TOTAL	100	100	100	

LOANS:

One hundred and fifty (150) new housing loans were approved by the Committee in 1999 against a budgeted figure of 175.

The sum of \$26,830,000 was disbursed by the Committee as-loans for 1999.

Please refer to Appendix IV and V for details of loans approved by the Committee for the period 1992 to 1999.

CONCLUSION

In the water sector the Committee continued to make significant progress in its drive to improve both the quality and quantity of potable water being supplied to workers and other consumers.

The Committee in 1999 was hampered in its desire to develop a significant number of house lots due to the unavailability of land.

It is hoped that in 2000 the Committee would be able to acquire enough land for further development.

The Committee wishes to express its thanks to Management and Staff for their cooperation and good work during 1999.
