

BRITISH GUIANA.

REGULATIONS

MADE UNDER

THE SPIRITS ORDINANCE

(Chapter 110)

UNDER SECTION 132 OF THE SPIRITS ORDINANCE, THE FOLLOWING REGULATIONS HAVE BEEN MADE BY THE LEGISLATURE.

1. These Regulations may be cited as the Spirits (Capacities of Packages) Regulations, 1953, and shall be construed and read as one with the Regulations made by the Governor and Court of Policy on the 3rd day of October, 1905, under the provisions of section 130 of the Spirits Ordinance, 1905, and published in the Gazette of the 4th October, 1905, hereinafter referred to as the Principal Regulations.

2. Regulation 17 of the Principal Regulations is hereby revoked and the following substituted therefor—

“17. (1) In using the Tables, where the exact net weight of the spirits in a package does not appear in the Tables under the proper indication, the number of gallons opposite the next lower weight in the same column is to be taken in all cases as the legal quantity, for example:

Net weight of spirits	7 cwt. 2 qrs. 11 lbs.
Indication 17.0	8.446 lbs. per gallon.

The weight 7 cwt. 2 qrs. 11 lbs. is not to be found in the column headed 8.446 lbs. per gallon, therefore the content, namely 100 gallons corresponding to the next lower weight in the same column namely, 7 cwt. 2 qrs. 5 lbs. is to be taken as the legal quantity.

(2) The capacities of casks up to 79¾ gallons are to be computed to the quarter of a gallon and capacities of 80 gallons or over are to be computed to the gallon.”

3. These Regulations shall be deemed to have come into force on the 19th day of February, 1953.

Passed by the House of Assembly this eleventh day of September, nineteen hundred and fifty-three.

Passed by the State Council this twenty-first day of September, nineteen hundred and fifty-three.

I. CRUM EWING,
Clerk of the Legislature.
