EXPLANATORY MEMORANDUM

This Bill seeks to amend the Acquisition of Lands for Public Purposes Act, Cap. 62:05.

Clause 2 of the Bill seeks to amend section 7 (1) of the Principal Act by firstly providing that the vesting of the compulsorily acquired land in the State is subject to the prompt payment of the purchase money or of any adequate compensation. Secondly, the proposed amendment amends subsection (1) to guarantee the State's right to vacant possession of the land that is compulsorily acquired.

Clause 3 of the Bill substitutes for section 24A which deals with the payment of land bonds, a new section 24A. The new section establishes the legal framework for the Minister to make an advance cash payment to an interested and authorised person. An advance payment will only be paid after the land is acquired by the State, if requested by the interested and authorised person and where there is satisfactory proof of title. The advance payment shall not exceed 80 per cent of the purchase money or adequate compensation. Moreover, where the land is the subject of a mortgage or any other similar registered encumbrance, the Minister shall pay such advance payment as would be required for securing the release of the interest of the mortgagee or the creditor in that land. Further, an advance payment on account of adequate compensation in respect of land which is the subject of settlement or trust shall be made to the persons entitled to give a discharge for capital money.
